The Sturbridge Board of Health does not in any way endorse or recommend any of the individuals or organizations presented on this list nor does the Board of Health preclude anyone not on the list from conducting food safety training. The Board of Health does not evaluate trainers and does not guarantee the success of their programs. Please note that this is not a comprehensive list and, although it is periodically updated, there is no guarantee that all information is current. You may also contact industry and regulatory organizations as well as telephone directories for further listings.
