FISCAL YEAR 2022 BUDGET PROPOSAL

STURBRIDGE MASSACHUSETTS

Presented to:

Board of Selectmen Finance Committee

Prepared by:

Jeffrey K. Bridges, Jr. Town Administrator Barbara A. Barry, Finance Director Christopher F. Geraghty, Town Accountant

Budget Message

Town of Sturbridge

March 19, 2021

TO: Chairman Mary Blanchard
Members of the Sturbridge Board of Selectmen
Town of Sturbridge Finance Committee
Citizens and Taxpayers of the Town of Sturbridge

Per Section 5.3(H) of the Charter for the Town of Sturbridge, it is my honor to present the Proposed 2021-2022 Budget for the Town of Sturbridge. This transmittal letter provides an overview of the budget and the factors influencing the proposed spending plan for Fiscal Year 2022.

A year ago, a proposed budget was presented to the community that was obsolete as it was completed. It was delivered just as COVID-19 began to invade our communities. COVID-19 has had impacts through every facet of our society, the most tragic of which is the death of over half a million Americans and millions more world-wide.

Locally, in addition to the devastating health impacts of COVID-19, our community partners suffered from an incredible disruption in business activity, our friends and neighbors lost jobs, and schools were closed to students. From this we all had to find not a new normal, but a way through lifting each other up along the way.

The budget presented to the community in March of 2020 underwent a significant modification later that spring recognizing the impacts to the economy we could predict and trying to anticipate those impacts we could not. The Board of Selectmen tasked the staff to revisit the budget and to the greatest extent possible maintain the current tax rate. That was accomplished through a series of expenditure reductions and use of free cash and stabilization funds. The modified budget was eventually adopted at the June 29, 2020, Town Meeting. In addition, federal COVID-Cares Act funds, \$849,937 became available, as well as Federal Emergency Management Agency (FEMA) funds for the Town to use to address unbudgeted expenses and necessary mitigation expenses related to the pandemic. However, those funds could not be used as a replacement for revenues lost as a result of the pandemic.

As we look to FY 2022 the budget, COVID-19's impacts are still present. There is an expectation of a gradual return to pre-pandemic operations, but it will take time. Local revenues are still impacted severely by the pandemic. However, federal funds made available by the American Rescue Plan Act (ARPA) will be available to help offset these local revenue losses. Unfortunately, the guidance from the Treasury Department on the use of these funds was not available as we completed this budget. Therefore, the lost revenue, anticipated to be replaced by ARPA funds, for the purposes of temporarily balancing the budget have been supplanted with Free Cash. Once we have the means and methods for these ARPA funds, they will be added to the budget in place of a portion of the Free Cash.

For FY 2022 the total operating budget (amount to raise and appropriate) for educational and non-educational purposes is \$36,399,178. This is an increase of \$1,150,790 or 3.3% from the FY 2021 approved budget. Of that total, the amount to be appropriated for educational purposes (Burgess Elementary School, Sturbridge's share of the Tantasqua Regional School District, and Charter School Transportation) is \$20,210,967. This is an increase of \$677,645 over the current year or 3.5% and represents 55.5% of the amount to raise and appropriate for FY22. For non-educational purposes excluding debt service, the amount to be raised is \$14,766,768 representing a \$505,971 increase over the current year or 3.55% increase and 42.22% of the amount to be raised.

The projected Water Budget for water utility operations and debt service is \$1,390,903. This is a decrease of \$56,385 from the current year. Town staff are still evaluating the proposed Water Budget as it relates to rates. Therefore, there is no determination on a rate for FY 22 at this time. Also, the Town is currently engaged in a water and sewer rate study with the engineering firm Tighe & Bond.

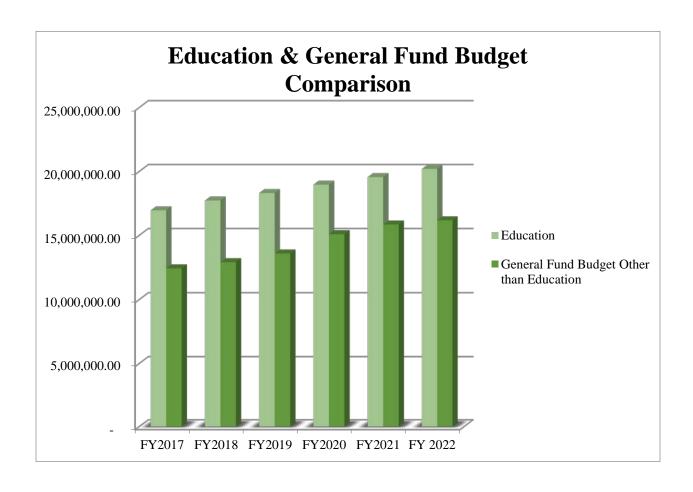

The projected Sewer Budget for sewer system operations including debt service is \$2,744,992. This is an increase of \$195,747 over the current year. Town Staff is still evaluating the proposed Sewer Budget as it relates to rates. Therefore, there is no determination on a rate for FY 22 at this time. Also, the Town is currently engaged in water and sewer rate study with the engineering firm Tighe & Bond.

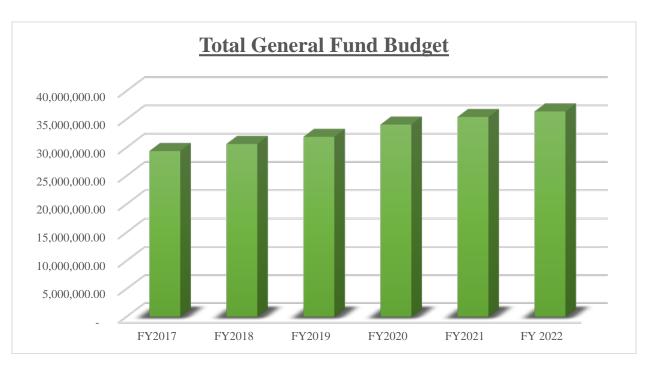

For Fiscal Year 2022 the levy limit is \$26,751,218. This is an increase of \$847,591 over the current year levy limit of \$25,903,627. This amount includes a 2.5% increase of \$647,591 and \$200,000 in estimated new growth. In FY22 \$1,416,443 will be raised for debt exclusions for the Town Hall and Center Office Building Projects, and the Burgess Elementary School renovation for an adjusted levy limit of \$28,167,661.

The proposed budget contains an excess levy capacity of \$0.00. This amount was \$0.00 in FY 21 and \$118,509 in FY 20. Revenues and state aid have not kept up with expenses. This is an unstainable trend. For the purpose of presenting a budget, Free Cash has been used to bring the budget into balance. It is anticipated that ARPA funds will be available to replace a portion of the Free Cash as a revenue source.

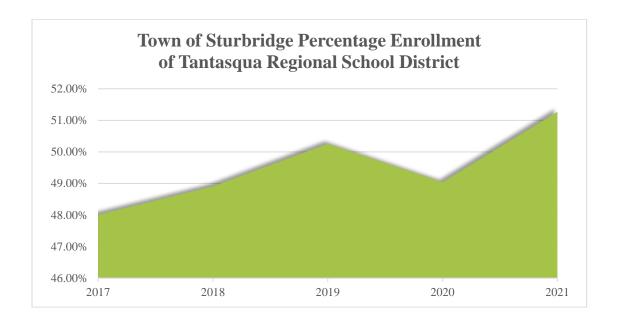

General Government	\$ 7,000,784.00
Public Safety	\$ 5,026,657.00
Public Works	\$ 1,392,403.00
Health / Human Services	\$ 1,346,934.00
Debt	\$ 1,421,443.00
Education	\$20,210,967.00
Total	\$36,399,178.00

Since 2017, the portions of the General Fund budget for education and non-educational purposes is shown in the chart as follows:

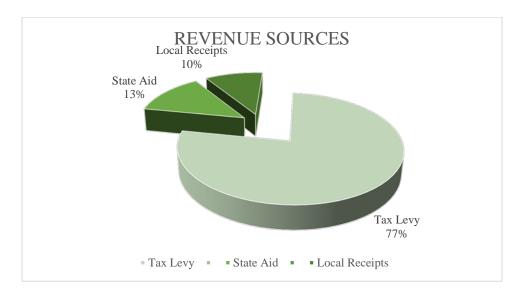

The Town of Sturbridge, as a member of the Tantasqua Regional School District, along with the Towns of Brimfield, Brookfield, Holland, and Wales, each pay a percentage of the Regional District budget based upon enrollment from each community. Sturbridge's percentage of district enrollment is shown in the chart below.

Revenues

Revenues are a combination of various sources, the largest of which are property taxes, followed by state aid, excise taxes and then other local revenues. Local revenues are estimated to increase slightly in FY 22 by approximately \$6,089. However, this increase is still well below the COVID-19 Pandemic revenues levels. The Town is still experiencing significant revenue loss, most notably in the Hotel / Bed tax with a reduction of approximately \$250,000, the meals tax of \$140,000 and interest on investments of \$133,900 from FY 20 levels.

State Aid, Education Chapter 70, and Chapter 90 Funds

The Town received various funds from the Commonwealth to support education (Chapter 70 and other education grants) general municipal government, programs for the elderly and veterans, and for infrastructure (Chapter 90 Funds). In addition, the Town has certain charges and assessments imposed by the Commonwealth for various purposes. The table below shows the various receipts and assessments for Fiscal Year 21 and the proposed Fiscal Year 22.

Municipal Aid and Chapter 70 & Cha	pter	90 Funds		
	<u>F</u>	FY 2021	<u>F</u>	Y 2022
Chapter 70 (Education)	\$	3,846,634	\$	3,870,754
Charter Tuition Reimbursement		46,224		52,532
Unrestricted General Govt. Aid		822,696		851,490
Veterans Benefits		30,779		34,943
Exempt VBS and Elderly		32,103		34,576
State Owned Land		147,076		147,985
Public Libraries		19,946		19,946
Total Estimated Receipts	\$	4,945,458	\$	5,012,226
Chapter 90 Funds (Infrastructure)	\$	430,518		\$ TBD
Estimated Assessments and Charges				
Mosquito Control Projects	\$	105,454	\$	108,803
Air Pollution Districts		2,946		2,994
RMV Non-Renewal		10,040		10,040
Regional Transit		38,734		34,477
School Choice Sending Tuition		99,756		99,756
Charter School Sending Tuition		182,424		216,739
Total All Estimated Charges				
	\$	439,354	\$	472,809

The community is grateful that the Commonwealth continues it partnerships with local government and supports education by slightly increasing the amount of overall aid to the Town of Sturbridge. However, with a proposed increase in educational spending by the local school committees of \$677,645 it is clear that aid for education is not keeping pace with the needs of the schools.

Growth and Assessed Value

Sturbridge continues to see a vibrant economy and has a healthy residential and commercial real estate market. For 2020 there were 198 home sales with the average sale price rising to \$354,750 from \$312,888 2019. There were six commercial sales in 2020 with an average sale price of \$486,000. Finally, there were 15 condominium sales in Sturbridge for 2020 with the average cost of a condominium slightly rising to \$244,347 up from the 2019 average of \$243,048.

Moreover, the overall taxable value of the town has increase to \$1,379,479,027 from the 2020 value of \$1,369,268,285. The following table shows the growth in the town's taxable value for the past five years. The amount of new growth factored into the proposed FY 22 budget is \$200,000 and the increase in the levy limit over the current year is \$847,591.

Year	Taxable Value
2021	\$1,379,479,027
2020	\$1,369,268,285
2019	\$1,292,420,790
2018	\$1,225,304,593
2017	\$1,163,150,660
2016	\$1,135,803,129

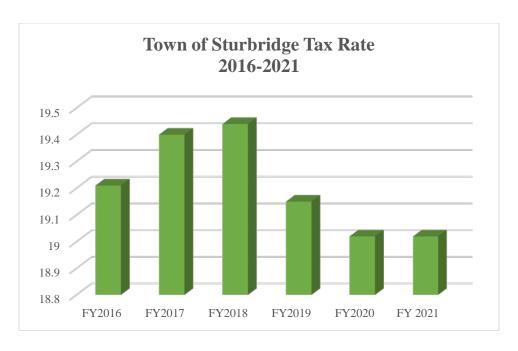

Free Cash

The level of Free Cash is a very important fiscal indicator for local governments. Having too little Free Cash indicates financial stress on the community and limited ability to respond to fiscal emergencies. Too much raises questions on the amount of taxation levied on the community. The Town of Sturbridge adopted a financial policy that states "that the proposed reserve for Free Cash should be 3% - 7% of the prior year general fund operating budget. The current amount of Free Cash certified at the end of FY 20 is \$4,304,606 which represents 12.2% of the FY 21 operating budget. The proposed budget represents use of \$858,527 of Free Cash to balance the budget.

Tax Rate

Although the tax rate is not set at the time of the budget adoption at Town meeting, the chart below shows the tax rates for the past 5 years.

Summary of Cost Factors in the Proposed 2022-2022

The FY22 Proposed Budget includes various cost factors which are a combination of external, internal, and long term financial considerations:

Internal considerations include:

- Salary increases for non-union employees are proposed at 2.0%. Police and Fire collective bargaining agreements are still in negotiation. Therefore, salary adjustments for those employees are limited to step movement. For the employees in the Department of Public Works SIEU Local 888 the wages are increasing by 2.5%.
- Salary figures for non-union employees are a product of the results of the Salary Compensation Study for these positions. This study developed new pay ranges and scales for 49 non-union positions in the Town.
- Non-union employees and department heads are proposed for a 2.0% increase for FY22.
- The amount of funds necessary to replace the Staffing Adequate Fire and Emergency Response grant (SAFER) in the Fire Department Budget is approximately \$49,000.
- Health insurance for active employees and retirees is flat for the year. Although the rate is increasing slightly, a premium holiday has been granted thus allowing the amount appropriated to remain at the current year level. The health insurance expense for the employees at Burgess Elementary School are included in the Town's expense for health insurance.
- The combined increase for educational expenses for Burgess Elementary School and the Town' portion of the Tantasqua School District is \$677,645 an increase of 3.5%.
- The proposed budget is balanced using Free Cash to make up for revenues lost due to impacts from COVID-19. It is anticipated that a portion of these Free Cash funds will be replaced by ARPA Funds.

• The amount being raised for the Overlay Account has been increased in this year's budget from \$75,000 to \$230,000. During FY21 there was a large abatement granted, that depleted the overlay fund balance. This amount replenishes the balance in this account for future abatements and also provides additional funding of \$30,000 for a potential increase in the amount that applicants for the Senior Municipal Service Program and Veterans Municipal Service Program can earn each year on these programs. Discussions on increasing earning limits are currently being discussed by the Board of Selectmen.

Personnel Changes:

• The position of Deputy Fire Chief has been included in the Sturbridge Fire Department Budget. This is not a new full-time equivalent position rather using a retirement in the Firefighter ranks to create the position.

External costs considerations include:

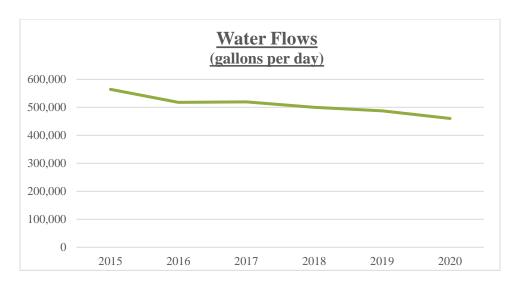

- The Worcester Regional Retirement System Pension assessment has increased by \$173,130. Also please note that the pension costs for Burgess Elementary School are contained in the Town budget not the school's budget.
- The Chapter 70 Funds for the education in Sturbridge have not kept pace with budgetary needs for education in the community. Although the requests for funding for education has increased by \$677,645 the amount of new Chapter 70 funds is \$24,120.

Long Term Financial Considerations (Retiree Benefits)

- The Town's contribution to the Worcester Regional Retirement Plan for FY 2022 is \$1,674,824 for the Proposed Budget an increase of \$173,130 from the current year. The interest rate assumption on the pension plan assets is steady at 7.75%. The Town's unfunded liability for pension purposes is \$17,562,003.
- The Proposed Budget continues the program begun in 2012 of annually funding the Other Post Employment Benefit (OPEB) Fund. For the 2021 Fiscal Year the Town contributed \$75,000 through appropriation. The total amount set aside for OPEB purposes is \$1,148,364 and based upon the most recent valuation update, June 30, 2020, the outstanding liability stands at \$22.5 million dollars.

Water System

The Town of Sturbridge owns two water treatment plants with a combined production capacity of 1.12 million gallons per day. The Town contracts with Veolia for operations of the plants. The average gallons per day of water usage for that past several years is in the chart below:

The department expenses are shown below. The capital replacement line includes \$20,000 for hydrant replacements, \$18,000 for Hammnant Brook Stream Monitoring, \$16,000 for parts for the ultraviolet treatment systems, \$7,000 for new pumps at the lagoon replacing 2-30 year-old pumps and \$22,700 for a variety of other capital items.

The amount of water utilized by customers over the past several years has been declining from 20,577,813 cubic feet in 2018 to 19,152,782 in 2020. This lower water utilization, although good for the customer and the environment, has impacts on the revenue supporting the system.

Town staff are still evaluating the water budget as it relates to rates. A new rate has not been determined at this time.

Expense	<u>FY 21</u>	<u>FY 22</u>	<u>Diff (+/)</u>
Contract Operations	\$ 678,557.00	\$ 690,467.00	
Electricity	85,000.00	85,000.00	
Perchlorate	10,600.00	10,000.00	
&Testing			
DPW Director	14,050.00	14,300.00	
Meter Maintenance	15,000.00	10,000.00	
Billing Expense	4,900.00	5,400.00	
Debt Service	413,881.00	402,536.00	
Miscellaneous	119,800.00	41,500.00	
Capital	75,500.00	81,700.00	
Replacement			
Reserve Account	30,000.00	50,000.00	
Total	\$ 1,447,288.00	\$ 1,390,903.00	-\$56,385.00

Sewer System

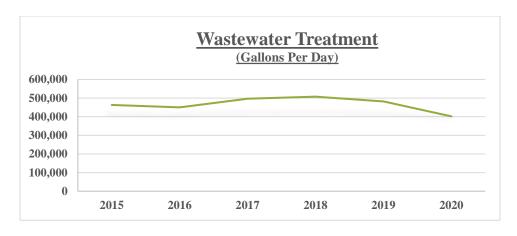

The Town's sewer plant, updated a decade ago, has a treatment capacity of 1.3 million gallons per day. This plant is also operated by Veolia. In addition, a cluster of residents in the Fiske Hill area of town are connected to the Southbridge Sewer System due to the topography and distance to the Sturbridge waste water infrastructure. There is a warrant article proposed for Town meeting to design a new wastewater pump station and force main in the Fiske Hill area to bring these flows to the Sturbridge Wastewater Treatment Plant.

<u>Expense</u>	<u>FY 21</u>	<u>FY 22</u>	<u>Diff (+/-)</u>
Contract Operations	\$ 879,521.00	\$ 895,007.00	
Electricity	210,000.00	210,000.00	
Chemicals	20,000.00	15,000.00	
DPW Director	14,050.00	14,300.00	
Billing Expense	4,900.00	4,900.00	
Debt Service	861,013.00	866,625.00	
Southbridge Fees	200,000.00	200,000.00	
Liquid Sludge Handling	200,000.00	200,000.00	
Miscellaneous	69,761.00	166,160.00	
Capital Replacement	60,000.00	123,000.00	
Reserve Account	30,000.00	50,000.00	
Total	\$ 2,549,245.00	\$2,744,992.00	\$195,747.00

The miscellaneous budget line is primarily made up of replacement and repair costs for the residential E-1 pumps. \$60,000 is requested for E-1 pump parts, \$42,160 is for new E-1 pumps and \$32,000 is replace E-1 pump panels on Woodside Circle. In addition to the E-1 pump items there is a \$24,000-line item for an electrical power analysis at the wastewater plant to investigate the source and propose a solution to long term power issues.

Of note in the Capital Replacement line, there is \$15,000 to do an analysis of the CO Mag tanks as the stainless steel is starting to leak. Also, there is \$38,000 to repair leaking concrete on the influent channel.

The average daily flow to the plant is:

As you can see, similar to the water utilization, the amount of flow going to the wastewater plant has been dropping since 2018.

Town staff are still evaluating the Sewer Budget as it relates to rates. Therefore, a new rate has not been determined at this time.

Capital and Betterment

The town generally spends a minimum of 1.5% of the General Fund operating budget each year to fund capital requests funded from Free Cash. For FY 2022 that amount equals \$540,129. The Capital Planning Committee reviews the many requests and grades them for applicability against a series of criteria. The Capital Planning Committee recommends the following projects for FY 22. Funding for capital expenses are include \$19,975 from Water Fund Balance, \$19,975 from Sewer Funds Balance, and \$500,179 from Free Cash.

FY22 Capital Budget Recommendations

Department	<u>Item</u>	Est. Cost
Facilities	Fire Alarm (Nursery School)	\$ 20,000.00
Fire	Holmatro Rescue Tool	\$ 41,500.00
IT	Copier (Center Office Building)	\$ 8,000.00
DPW	3/4 ton pickup truck with plow	\$ 39,950.00
IT	Copier (Library)	\$ 9,600.00
DPW	Two (2) Ground Speed Control Spreader Systems	\$ 12,000.00
Facilities	Fencing/Signage (Animal Control)	\$ 6,500.00
Facilities	Lift Operators Replacement (DPW)	\$ 15,000.00
Facilities	Lightning Protection (Town Buildings)	\$ 85,000.00
DPW (Water/Sewer)	3/4 ton pickup truck with plow	\$ 39,950.00
Fire	Ford Explorer	\$ 52,750.00
Police	Six (6) Rifles & Magazines	\$ 6,852.00
IT	Interior Security Camera System (Town Hall, Center Office Bldg.)	\$ 27,300.00
Fire	Apparatus Technology Upgrades	\$ 76,527.00
DPW	Skid-Steer Loader with attachments	\$ 49,000.00
Facilities	Basement Archival Storage (Center Office Building)	\$ 20,200.00
Facilities	Rehabilitation of Building (North Cemetery)	\$ 30,000.00
IT Fire DPW Facilities	Interior Security Camera System (Town Hall, Center Office Bldg.) Apparatus Technology Upgrades Skid-Steer Loader with attachments Basement Archival Storage (Center Office Building)	\$ 27,300.00 \$ 76,527.00 \$ 49,000.00 \$ 20,200.00

Total: \$540,129.00

The Betterment Fund

Beginning in 1987, with the imposition of a tax on overnight lodging, a portion of those lodging funds have been set aside for projects that tend to enhance the beautification, recreational resources or public safety of the town and are a clear mutual interest to the residents and visitors to the town. The current percentages available for the Betterment Committee is 16.25% of the local room excise tax. For FY 2022 that amount equals \$119,785. The reduction from \$176,364 in FY 2021 is reflective of the reduced revenue in the lodging taxes received due to COVID-19 impacts on the travel / hotel industry. The Betterment Committee's recommendations are below:

BETTERMENT REQUEST	FY22	REQUESTED BY	RECURRING	CATEGORY
Flower Barrels	\$ 2,200.00	Polly Currier	Annual	Beautification
Plantings (Bloom Committee)	\$ 575.00	Recreation	Annual	Beautification
Beautification Joshua Hyde Library	\$ 3,800.00	Library	Annual	Beautification
Wayfinding Streetscape Improvements	\$ 10,000.00	Town Planner	Annual	Beautification
Beautification at Town Hall and Center Office Building	\$ 2,500.00	Finance Director	Annual	Beautification
Tree Planting - Arbor Day Program	\$ 1,910.00	Tree Warden	Annual	Beautification
Town Offices & Library Decorations	\$ 4,000.00	Recreation	Annual	Beautification
Sidewalk Maintenance	\$ 10,250.00	DPW	Annual	Public Safety
Tree Maintenance (town-wide)	\$ 10,000.00	Tree Warden	Annual	Public Safety
Town Common Tree Maintenance	\$ 7,322.00	Tree Warden	Annual	Public Safety
Main Street Tree and Park Maint. (Street Landscaping)	\$ 2,000.00	Tree Warden	Annual	Public Safety
Special Event Overtime	\$ 10,000.00	Police Department	Annual	Public Safety
Recon Power Bikes - Recon Interceptor	\$ 5,369.00	Police Department	NEW	Public Safety
Protective Firefighting Gear	\$ 13,500.00	Fire Department	Annual	Public Safety
Special Event Overtime	\$ 7,300.00	Fire Department	Annual	Public Safety
Cedar Lake (Town Beach) Water Treatment	\$ 1,795.00	Recreation	Annual	Recreation
Town Common Summer Concert Series	\$ 4,000.00	Recreation	Annual	Recreation
Decorations for Town Common	\$ 4,445.00	Recreation	Annual	Recreation
Turner's Field - Infield Rehab	\$ 6,819.00	Recreation	NEW	Recreation
SLAC / Great Ponds Weed & Safety Program	\$ 6,000.00	SLAC	Annual	Recreation
Funding for Special Events in the Community	\$ 6,000.00	Special Event Comm.	Annual	Recreation

_	FY22	Category	Amount	% Allocated
Available Funds	\$ 119,785.00	Beautification	\$ 24,985.00	20.86%
Approved by Betterment Committee	\$ 119,785.00	Public Safety	\$ 65,741.00	54.88%
Balance:	\$ -	Recreation	\$ 29,059.00	24.26%
		Total	\$ 119,785.00	

Debt Service

The Proposed FY 22 Budget contains \$1,421,443 for debt service. Slightly lower than the \$1,454,269 in FY 21. These funds service the debt for the Town Hall and Center Office Building project and the Burgess Elementary School project and are excluded from the Prop. 2.5% limits.

The Water budget includes \$402,536 for debt which is supported by water system revenues. Improvements to Well # 1, Well # 4 and the Route 131 water line are paid for through water system debt.

The Sewer System has operations supported debt service of \$866,625. This is for payment on the wastewater plant expansion and the connection to the Southbridge sewer system.

Conclusion

The budget is a collection of inputs, thoughts, and ideas from across the organization and the community and is a product of many. My sincere thanks go to the Department Heads and their staff for continuing to take a hard look at their operations and make budgetary requests recognizing the Town's fiscal constraints. Particular thanks go to Finance Director Barbara Barry for another outstanding job of budget preparation and attention to detail. Thanks also to Alexandra McConnon, Administrative Assistant to the Town Administrator and Board of Selectmen, for assembling the actual budget document. Finally, I would also like to thank the Sturbridge Board of Selectmen, Finance Committee, and the Sturbridge Community for their thoughtful deliberations and consideration of this Fiscal Year 2022 Proposed Budget for the Town of Sturbridge.

Sincerely Jeffrey K. Bridges, Jr. Town Administrator

Budget Overview

Departmental Budget Overview Fiscal Year 2022

The purpose of this overview is to highlight individual budget requests made by departments and provide some additional information as to why certain line items were funded at the level requested. This overview will provide clarification to you as you review the individual budgets.

Non-union wages (General Wage Adjustment) has been budgeted at 2% and DPW wages under the union contract reflect a 2.50% increase. The Police Union Agreement expired on 6/30/20 and remains unsettled at this time, and the Fire Union Agreement expires on 6/30/2021. Negotiations with the Fire Union are expected to begin soon.

The budget as presented reflects the findings of the compensation study and has been supported by the Personnel Committee. This study still needs to be approved by the Board of Selectmen. The study reviewed and reclassified all non-union positions in the town.

The budget as presented still has many moving parts and will most likely be adjusted as we progress through the budget process. Final State Aid numbers as well as the possibility of Federal money due to COVID remain unknown at this time. Additionally, once the Board of Selectmen adopt the Classification and Compensation Study, adjustments may need to be made to salary figures.

Town Counsel

• This budget has been increased by \$10,000 due to a rate increase in legal services effective in July, 2021.

Information Technology

- The Capital Outlay Budget continues funding of the Town's Computer Replacement Program. In most instances computers are replaced every five (5) years. This year's budget for this line item reflects \$6,400 for computer and printer replacement. This amount is lower than the normal yearly computer replacement (usually approx. \$25,000 per year) due to purchasing more computers in FY20 due to Windows 7 support being discontinued as of January 14, 2020.
- The Capital Outlay Budget reflects a request for \$4,000 for a phone system upgrade for the Senior Center and the DPW as well as \$6,300 for a voice router. The voice router is the gateway for all phone calls. With a higher call volume due to conferences and adding the Senior Center and DPW to the Town Hall phone system, a new router needs to be purchased. Additionally, the current router is reaching its end of life.
- The cost of Charter services which were previously budgeted in each department have been moved to the IT budget.

- The IT Purchase of Services budget reflects the cost for Social Media Archiving. There are currently ten (10) accounts that need to be archived.
- The IT Purchase of Services budget includes \$4,500 for a website update/redesign.

Town Clerk

• The Town Clerk will be using the Accela Permitting Program that the Land Use Departments use for Dog Licensing. The cost of the Accela software is in the Town Planner budget.

Elections & Registrations

• The Elections Purchase of Service budget includes a new line item for Poll Pad maintenance. Poll pads are used in place of paper poll books to check in voters, see if they have already received or voted a mail ballot, and direct them to their correct polling place if they are at the wrong location. We were able to purchase four (4) poll pads with CARES Act Funds.

Facilities

- Building supplies for the Town Hall, Center Office Building and the Senior Center have all been budgeted under the Facilities Supplies budget.
- The Facilities Purchase of Services budget includes \$4,900 for electrical updates at the Town Common. Several of the outlets are not in compliance with code. In order to repair this, the pole and panel will be updated with new outlets.

Safety Complex

- The Safety Complex Supplies account includes \$3,000 for lighting in the dispatch area. The Facilities Coordinator is working on this project to address the various light level needs.
- The Supplies budget also includes \$1,200 for mailboxes for the Police Department. The current cardboard sorters are falling apart and need to be updated with a more permanent type of mailbox system.

Police Department

• This year's budget includes funding for two (2) fully equipped police cruisers under Operating Capital as per the town's cruiser replacement plan.

Fire Department

- The Salaries/Wages line item reflects the full funding for the four employees that were hired from the SAFER Grant. This grant ended on January 24, 2021. In FY22 the town is responsible for 100% of the salaries for these individuals. This reflects an increase to the budget of approximately \$49,000.
- The Salaries/Wages line item reflects the funding for a Deputy Chief position tentatively budgeted at \$90,000.

DPW

- The Snow & Ice Overtime budget has been increased slightly to keep up with General Wage adjustments.
- The cost for dam inspections is included in the DPW Purchase of Services account. These dams are inspected every 5 years. There are three dams that need to be inspected. Estimated cost is \$12,000.
- The cost for fleet vehicle maintenance has been moved from Central Purchasing to the DPW budget.

Recreation

• The Salaries/Wages Account for the Summer Recreation Program has been increased to reflect the increase in minimum wage.

Unclassified

 Group Insurance – The Town has received a 3.99% increase in Health Insurance costs from MIIA. The MIIA Board of Directors voted to provide a one-month premium holiday in FY22. Based on current enrollment numbers and the premium holiday no increase in the budget is needed.

- The Worcester Regional Retirement budget is based on the actual assessment number for next year with a discount for paying the full assessment in one payment in July. The increase to this budget is \$173,130.
- The Reserve Fund has been budgeted at .5% of last year's operating budget minus debt as outlined in the Town's Fiscal Management Policies. The amount budgeted is \$169,000.
- A new account called Engineering /Professional Services funded at \$20,000 has been added
 to the Unclassified budget. Funds for these services were previously budgeted in the
 Conservation and DPW budgets. This line item will be overseen by the Town
 Administrator.

I hope that this overview is helpful as you begin to review the individual departmental budgets. Please let me know if you have any questions or need additional clarification on any of the budget requests.

Barbara Barry Finance Director

Five-Year Forecast

FIVE-YEAR FINANCIAL FORECAST EXECUTIVE SUMMARY FY22-FY26

<u>Purpose</u>

The following spreadsheets are meant to be a forecasting tool to be used by the Board of Selectmen and Finance Committee to review trends and determine the effects of decisions that are made. Financial forecasting is not an exact science, especially in the municipal environment where revenues are dependent upon multiple sources including those outside of local control. It cannot predict economic downturns and/or major state aid reductions or increases beyond what can be estimated based on past trends.

These spreadsheets are a useful single point of reference for the Town's recent past, and anticipated short-term future, financial environment.

Method

The spreadsheets contain actual data that was collected over the past five years, the proposed budget for the upcoming fiscal year, and general trends ascribed through the experience of the Finance Director and Town Administrator for the ensuing five fiscal years.

Revenue Projections

The revenue projections include an increase in the levy limit of \$647,591 and a new growth estimate of \$200,000.

Local revenues are estimated to increase minimally this year, approx. \$6,089. Due to the uncertainty of the economic recovery from COVID-19, revenue numbers remain reflective of the effects that COVID has had on the economy and specifically the town. Room occupancy tax, meals tax and excise tax remain very conservatively budgeted. Additionally, interest rates have dropped to levels even lower than initially thought when the FY21 budget was finalized.

Revenue projections at this time reflect an increase to State Aid of \$66,768 based on the Governor's Budget. This is attributable to an increase for Unrestricted General Aid (\$28,794) and Chapter 70 (\$24,120). These numbers will be updated throughout the budget process as we receive additional information from the State.

The budget as presented uses \$858,527 of Free Cash to balance the budget with \$0.00 available in excess levy capacity. This Free Cash contribution is expected to be reduced with American Rescue Plan Funds (ARPA) when guidance from the Treasury Department becomes available.

Expenditures

As stated above, the expenditure forecast spreadsheets are based on trend analysis, historic trends for spending from the various town departments, known increases/decreases in fixed costs such as debt service and insurance costs and inflationary estimates where appropriate. The budget as presented reflects an increase of \$1,150,790 over FY21 or 3.3%.

Conclusion

Over the past several years the town's excess levy capacity has decreased as budgets have been growing at a rate greater than the annual increases to the levy limit and annual increases to local and state revenues. Excess levy capacity in FY19 was \$534,163, in FY20 \$118,509 and in FY21 both Free Cash and Stabilization funds were used to balance the budget and maintain a stable tax rate with no excess levy capacity. As previously stated, use of Free Cash was necessary in this year's budget proposal to again balance the budget.

This year's budget does not reflect any of the anticipated funds that the town will receive from excise on marijuana sales or community impact fees. These amounts are unknown at this time but any amounts received during FY21 and FY22 will be a local receipt to the general fund and will ultimately close out to Free Cash at the end of the fiscal year.

The Town remains in a strong financial position due to our conservative budgeting approach. Continuation of these efforts will allow us to rebuild reserves in the coming years. Continuation of this approach to budgeting is necessary in order to maintain the Town's AA+ bond rating.

The strong reserves that the Town has built over the years have allowed us to continue to deliver the services that the residents and taxpayers expect from the Town. If not for these strong reserves the budget picture for both last year and this year would be quite different. The pandemic is a good example as to why a community should maintain reserves.

Capital Plan

CAPITAL IMPROVEMENT PLAN FISCAL YEAR 2022

Presented in this section is the proposed Fiscal Year 2022 Capital Improvement Plan. The Sturbridge Town Charter requires the Town Administrator to submit a Capital Improvement Plan to the Board of Selectmen each year. The Town of Sturbridge Comprehensive Fiscal Management Policies outline the criteria used for setting the yearly Capital Improvement Plan Budget.

The Capital Improvement Plan is an important tool that the Town of Sturbridge utilizes to help manage existing infrastructure and guide capital spending. It creates a process for evaluating the Town's needs and assigning priorities when resources cannot fund all requests.

Capital Planning Committee

Jeff Bridges Jean Bubon John Grasso Butch Jackson Kathleen Neal

The Town of Sturbridge defines capital projects/items as an expenditure of \$5,000 or more with a useful life greater than three years that fall under one of the following categories:

- Acquisition of land
- Construction, expansion or renovation of a facility. Facilities include buildings, streets, bridges, sidewalks, parking lots, utilities, playing fields, cemeteries, playgrounds, etc.
- Acquisition of large capital items including vehicles, technology, communications equipment, etc.
- Facility maintenance projects including roof repair, HVAC, electrical, masonry, painting, carpeting, street resurfacing, sidewalk reconstruction, playground equipment/major repairs.
- Planning, feasibility, engineering or design studies related to a capital project.

Town departments seeking to replace or obtain a capital item must submit a "Capital Planning Request Form". Requests submitted include a brief description of the request, the reason for the request, the impact of granting the request (community benefit), the impact if not funded, a cost justification, and the department priority of the request. The proposals are then submitted to the Capital Planning Committee who meet with the departments and rate each project on a scale of 1 - 10 based on ten factors to ensure that the highest priorities and greatest needs of the Town are met.

The factors used are:

- Factor 1 Public Safety and Health- Consideration of the impact of a request and its impact on existing conditions of public safety and health.
- Factor 2 Infrastructure Needs Consideration of the impact of a request in relation to infrastructure problems and needs of the community.
- Factor 3 Quantity of Use Consideration is given to the number of people that will utilize the facilities or equipment and/or how often the equipment will be used.
- Factor 4 Efficiency of Services Consideration given to requests that increase the efficiency of services provided by the Town to the public.
- Factor 5 Legal Requirements Consideration of requests based on mandates of local, state or federal regulations or laws.
- Factor 6 Public Support Consideration of requests in relation to public support of a specific project or program, specifically you should consider how the public will view the purchase or specific capital item.
- Factor 7 Personnel Impact Consideration of requests that are necessary based upon increased personnel or increased use of personnel.
- Factor 8 Service Impact Consideration of requests that are necessary due to increased, altered or new services the town is offering.
- Factor 9 Budgetary Constraints Consideration given to the effect of various request on the capital budget in total.
- Factor 10 Administrative Needs Consideration of requests that are necessary due to the administrative needs of various departments.

Funding

The Town needs to ensure that its capital needs are addressed on an annual basis to ensure that the Town does not find itself in a position of having to replace a lot of capital at one time causing unnecessary debt issuance and associated interest costs for capital replacement that could have been done in a planned manner without the issuance of debt.

The Annual Capital Budget is 1.5% of the Town's budgeted annual expenditures. In FY22 this amount is \$528,726. Historically, the Town funds the majority of the Capital Budget through a Free Cash appropriation.

Capital projects/items may be funded using one of the following funding sources:

- Borrowing Projects/items of \$100,000 or more with a useful life of at least 10 years may be considered for borrowing. The sources of revenues to support borrowing are:
 - o General Fund Within Proposition 2 ½
 - o Sewer Fund and Water Fund
 - o General Fund With Debt Exclusion Vote
- Available Revenues Projects/items of \$5,000 or more with a useful life of at least 3 years may be considered for funding with available revenues. The sources of available revenues are:

- o Capital Improvement Budget as recommended by the Capital Improvement Committee
- o Sewer Fund and Water Fund
- o Free Cash Warrant Articles
- Departmental Operating Budget Projects/items of less than \$5,000 with a useful life of greater than one year may be considered for funding in departmental operating budgets.
 - o General Fund
 - Sewer Fund and Water Fund
 - o Departmental Revolving Funds

The annual operating cost of a proposed capital project, as well as debt services costs, will be identified before any long-term bonded capital is recommended. It is important to project the impact that the proposed capital project has on the operating budget so that the operating budget has adequate resources to meet long-term operating expenses.

Fiscal Year 2022 Capital Budget

Below are the proposed projects and funding sources rated high enough to be included in the FY2022 Capital Improvement Plan:

Facilities – Fire Alarm (Nursery School) - \$20,000

This request will provide additional funds for a fire alarm system at the Nursery School. In FY2020, an appropriation of \$5,650 was made to update the fire alarm system at the Nursery School. The scope of work for this project has changed and the new fire alarm system must be engineered by a registered electrical engineer who will provide Tier 2 drawings for the project to be put out to bid. The cost of engineering the system and installing the new system exceeds the original appropriation.

Funding Source – Free Cash

Fire – Holmatro Rescue Tool - \$41,500

This request will replace the 2005 Hurst tools (Jaws of Life). The current set of rescue tools has exceeded its expected useful life.

Funding Source – Free Cash

IT – Copier (Center Office Building) - \$8,000

This request will replace the copier at the Center Office Building. This copier was purchased in 2012 and is showing signs of age with excessive jams and print jobs that don't print. We have been notified that replacements parts are limited.

Funding Source- Free Cash

DPW-34 ton pickup truck with plow - \$39,950

This request will fund the purchase of a ¾ ton pickup truck with a plow. This truck will replace a 2005 ¾ ton Chevy pickup with approximately 185,000 miles. This truck has extensive frame and body rot. The frame has been deemed unrepairable.

Funding Source – Free Cash

IT – Copier (Library) - \$9,600

This request will replace the copier at the Library. This copier was purchased in 2010 and is no longer serviceable due to lack of parts. This is a color copier that is used by both staff and patrons.

Funding Source – Free Cash

DPW- Two (2) Ground Speed Control Spreader Systems - \$12,000

This request will outfit two spreaders with a ground speed control system. This system automatically adjusts the salt application to the truck speed. If the truck slows down or stops the flow from the device also slows or stops. With the current manual system, the driver must maintain a set speed to match the spreader setting. If the vehicle slows or stops without the changing the setting or shutting off the system, salt is wasted.

Funding Source – Free Cash

Facilities – Fencing/Signage (Animal Control Facility) - \$6,500

This request will provide funding to install a 6-foot fence around the Animal Control building and signage for the facility.

Funding Source – Free Cash

Facilities – Lift Operators Replacement (DPW) - \$15,000

This request will replace the lift operators on seven (7) high-bay doors. The lifts have started to fail increasing the need for repairs.

Funding Source – Free Cash

Facilities – Lightning Protection (Town Buildings) - \$85,000

This request will install lightning protection on the following town buildings: Center Office Building, Library, Town Hall, Public Safety Complex and DPW. We have had several insurance claims due to lightning damage. This will protect these buildings from loss or down time due to lightning strikes.

Funding Source – Free Cash

DPW (Water/Sewer) - 3/4 ton pickup truck with plow - \$39,950

This request will fund a ¾ ton pickup truck with plow for the Water/Sewer Department. This truck will replace a 2005 ½ ton Chevy pickup with approximately 85,000 miles. This truck is heavily rusted on both the body and frame.

Funding Source – Water Fund Balance and Sewer Fund Balance (50% from each fund)

Fire – Ford Explorer - \$52,750

This request will provide funding for a Ford Explorer for the Fire Department. This vehicle will replace a 2012 Ford Expedition with approximately 69,323 miles. This vehicle is used on a daily basis to respond to both emergency and non-emergency incidents.

Funding Source- Free Cash

Police – Six (6) Rifles and Magazines - \$6,852

This request will provide funding to purchase six (6) rifles and magazines for officer assigned cruisers. This purchase will begin to replace the current department rifles that are over fifteen years old.

Funding Source- Free Cash

IT – Interior Security Camera System (Town Hall, Center Office Building) - \$27,300

This request will provide funding for interior cameras for both the Town Hall and the Center Office Building.

Funding Source – Free Cash

Fire – Apparatus Technology Upgrades - \$76,527

This request will provide funding for the purchase of Mobil Data Terminals including software and installation in fire apparatus. This will allow the ability to view things such as preplans, mapping and hydrant information when responding. The annual fee going forward will be approximately \$3,700 per year. The department has twelve (12) vehicles.

DPW – Skid-Steer Loader with attachments - \$49,000

This request will provide funding for the purchase of a Skid Steer. The DPW currently shares a Skid Steer with the Recycling Center. The Recycling Center uses it almost daily, so it is not always available to DPW when needed. This piece of equipment can be utilized in many ways at DPW: paving, backfilling, loam placement for restoration, snow removal and sidewalk sweeping to name a few. This piece of equipment will also be available to the Water and Sewer departments when needed.

Facilities – Basement Archival Storage (Center Office Building) – \$20,200

This request will provide movable/mobile storage in the basement of Center Office Building in order to double the existing storage capacity from approximately 250 boxes to more than 520 boxes. The shelving that is currently being used for storage will be relocated to the Public Safety Complex attic to facilitate organized storage in that area.

Funding Source – Free Cash

Facilities – Rehabilitation of Building (North Cemetery) - \$30,000

This request will provide funding for repairs and rehabilitation of the shell of the cemetery building. Funds will be used to replace the roofing and sheathing as needed, test the siding for lead paint and repaint as appropriate and repair broken glass and deteriorating window parts and exterior woodwork.

Funding Source- Free Cash

FY2022 Capital Plan Proposed Funding Summary:

Free Cash - \$500,179 Water Fund Balance - \$19,975 Sewer Fund Balance - \$19,975

Total: \$540,129

Betterment Budget

BETTERMENT BUDGET FISCAL YEAR 2022

Presented in this section is the proposed Fiscal Year 2022 Betterment Budget. Through Special Legislation that was enacted in 1986 the Town of Sturbridge is authorized to set aside 16.25% of revenue from local room excise tax into a fund to be used for programs or projects that tend to enhance the beautification, recreational resources or public safety of the town and which are of clear mutual interest to the residents of and visitors to the town.

The Sturbridge Betterment Committee consists of five (5) members appointed by the Board of Selectmen as follows: one member of the Board of Selectmen, one representative from the hotel or motel trade, the Financial Manager, Executive Secretary, Town Manager or other administrative official of the town, one member of the Planning Board and one person who is a member of the Town Safety Committee, Recreation Committee, Route 20 Study Committee or similar public sector organization.

Betterment Committee

Mary Blanchard Jeff Bridges Russell Chamberland Earl Dessert Vacant

Fiscal Year 2022 Betterment Budget

In Fiscal Year 2022 requests for funding through the Betterment budget totaled \$164,785.00. Total funds available for appropriation in Fiscal Year 2022 are \$119,785. This represents a decrease of \$56,579 over the amount of available betterments funds in FY21.

Below are the proposed projects approved by the Betterment Committee to be included in the FY22 Betterment Budget:

Flower Barrels - Annual Request - \$2,200 - Beautification

These funds are used to purchase seasonal flowers (and when needed replacement barrels) for the flower barrels that are placed throughout town. A group of volunteers spend many hours planting, maintaining, and adding their personal touches to these barrels.

Plantings – Bloom Committee – Annual Request - \$575 - Beautification

These funds are used to purchase seasonal flowers for the urns and planters by the Town Hall, Center Office Building and the Town Common.

Beautification Joshua Hyde Library – Annual Request - \$3,800 - Beautification

These funds are primarily used to hire a landscape company to maintain the garden beds, tree and shrub pruning and plant maintenance.

Wayfinding Streetscape Improvements – Annual Request - \$10,000 - Beautification

These funds will be used to implement recommendations of the Commercial Tourist District Revitalization Plan. All improvements and expenditures from this account will be consistent with the Commercial Tourist District Revitalization Plan and the approved Wayfinding Design.

Beautification at Town Hall and Center Office Buildings – Annual Request - \$2,500 - Beautification

These funds will be used for landscaping of the grounds around the Town Hall and Center Office Building as well as any projects that enhance the up-keep of the outside of both buildings.

Tree Planting - Arbor Day Program - Annual Request - \$1,910 - Beautification

These funds are used for celebrating Arbor Day. Trees are planted and seedlings are handed out to students at Burgess, at the Senior Center and the Recycling Center for yard beautification. Sturbridge has received the Tree City USA Award for thirty-one (31) consecutive years.

Town Offices & Library Decorations – Annual Request - \$4,000 – Beautification

These funds will be used for professional decorating of the Town Hall, Center Office Building and Library during the holidays.

DPW - Sidewalk Maintenance - Annual Request - \$10,250 - Public Safety

These funds are used for maintenance of the sidewalks throughout town. These funds are carried forward from year to year in order to build up a balance to an amount that is suitable to mobilize a contractor.

Tree Warden - Tree Maintenance (Town-wide) - Annual Request - \$10,000 - Public Safety These funds are used for overall street tree maintenance (trimming, pruning, fertilization, mulch) for the town, including police details when needed.

Tree Warden - Town Common Tree Maintenance - Annual Request - \$7,322 - Public Safety These funds are used to maintain the trees on the Town Common. These trees require annual pruning and selective fertilization/treatment to help maintain the trees.

Tree Warden - Main Street Tree and Park Maintenance (Street Landscaping) - Annual Request - \$2,000 - Public Safety

These funds are used for maintenance of trees/shrubs/flowers on town property along Route 20 and Route 131 as well as various parks and sitting areas.

Police - Special Events Overtime - Annual Request - \$10,000 - Public Safety

These funds are used to fund overtime for specific Town/Tourist related events.

Police – Recon Power Bike – Recon Interceptor - NEW Request - \$5,369 – Public Safety

These funds will be used to purchase an Interceptor Power Bike and necessary equipment, as well as training for officers. This bike will be used on the trail systems throughout town.

Fire - Special Events Overtime – Annual Request - \$7,300 – Public Safety

These funds are used to fund overtime for specific Town/Tourist related events.

Fire – Protective Firefighting Gear – Annual Request - \$13,500 – Public Safety

These funds will be used to purchase protective firefighting equipment. This gear has a service life not to exceed ten (10) years. Because the town received a grant to purchase all new gear in 2013, we will be looking to replace the majority of the gear at the same time. These funds are carried forward from year to year and the goal is to have sufficient funds available to purchase new gear in FY2023. The estimated cost for each set of turnout gear is \$4,500.

Recreation - Cedar Lake (Town Beach) Water Treatment - Annual Request - \$1,795 - Recreation

These funds will be used to keep up with the maintenance of the water management at the Town Beach.

Recreation - Town Common Summer Concert Series - Annual Request - \$4,000 - Recreation These funds will be used to fund some of the Summer Concerts held on the Town Common.

Recreation - Decorations for Town Common - Annual Request - \$4,445 - Recreation

These funds will be used to furnish all labor, materials and equipment to install and remove LED lights on the large evergreen on the Common, as well as icicle lighting and garland around the gazebo, and garland on lamp posts around the Common.

Recreation – Turner's Field Infield Rehab – NEW Request - \$6,819 – Recreation

These funds will be used to rehab the baseball infield on Turner's Field. The field is showing the impacts of heavy use over may years. Work will include drainage problems on the field and rebuild of the pitcher's mound to proper elevation and slope. The Laid Back Competitive Baseball League will be donating \$3,000 to the town towards this project. Total project cost is estimated at \$9,819.

SLAC/Great Ponds Weed & Safety Program – Annual Request - \$6,000 – Recreation

These funds will be used to defray the costs of managing water quality and safety on the Great Ponds of Sturbridge. SLAC apportions these funds each year equitably to each of the Lake Associations. \$1,000 of these funds are used towards the cost of boating safety courses which are offered two times each year.

Special Events Committee – Funding for Special Events in the Community – Annual Request - \$6,000 - Recreation

These funds will be used for supporting special events in the community.
