### TERMS and CONDITIONS

1. Recipient shall place and maintain a safe and convenient passage for both public and vehicular travel around or over such place.
2. Recipient shall procure, at his expense, a sufficient police detail furnished by the Police Department as the granting authority may require in order to insure the reasonable unimpeded flow of pedestrian and vehicular traffic.
3. Recipient shall deliver up and surrender the conditional permit to the granting authority on or before the expiration time specified in the conditional permit for completion of aforesaid restoration.
4. That all excavations made and obstructions erected by the recipient shall be properly fenced during the whole time the street is opened, occupied or obstructed.
5. Recipient will restore the portion of the street, which is opened, occupied or obstructed under this conditional permit, to a condition satisfactory to the Director of Public Works.
6. If the Recipient fails to complete said restoration to the satisfaction of the Director within the time specified in said permit, the applicant shall pay to the Town Treasurer whatever the sum the Director of Public Works shall expend for labor, materials, equipment, time and other contractual services to restore the street to good and safe condition.
7. The Recipient will indemnify and save harmless the said Town of Sturbridge from any and all loss, damage and expense which it may sustain by reason of any act of omission or omission suffered or done by the recipient hereunder.
8. That no wires, pipes, conduits or structures now in or under the public ways above referred to, shall be disturbed by the recipients without the consent of the board, department or officer of the Town.
9. *Cutting Pavement*—before commencing with trench excavation, the contractor shall pre-cut the pavement with abrasive saw wheel cutters, or paving spades.
10. *Temporary Trench Patching*—after the foundation material has been spread, graded, compacted and approved by the Director of Public Works, the contractor shall place a 1-1/2 inch thick course of Class I—bituminous concrete (hot top).
11. *Permanent Bituminous Concrete Trench Resurfacing*—the permanent patching shall be deferred for a period of \_\_\_\_\_ weeks/months after completion of construction of work specified to be done under this permit. Patch must consist of \_\_\_\_\_ inches of bituminous concrete Type I, laid in two courses; \_\_\_\_\_ inches of binder course and \_\_\_\_\_ inches of top course. When patch has been completed, joints shall be painted with tack coat and sealed with sand.
12. *Bituminous Concrete Overlay Gutter to Gutter*—the \_\_\_\_\_ inch thick bituminous concrete overlay shall consist of one course of Class I top course. The overlay shall be deferred for a period of \_\_\_\_\_ weeks/months after to completion of the construction of work specified to be done under this permit.
13. Permanent patching will not be approved between November 15 to April 15th/

Permission is hereby granted to \_\_\_\_\_ (Recipient) for a road opening at \_\_\_\_\_ . Permit expires on: \_\_\_\_\_
