Part C

Project Narrative *Must be completed by applicant or agent*

Describe the proposed project in terms of use, design elements and construction timeframe.

Owner has signed a lease with Derricos Market and tenant requires a 10x10

exterior freezer. The freezer is shown on the attached sketch and will

occupy two existing parking spaces. Owner requests a waiver to modify site from

43 to 41 parking spaces. Code requires 41 spots.

Explain how the design and layout of the development or use constitutes suitable development without detriment to the neighborhood or to the environment.

NA

Describe any special processes, mitigation measures or unique circumstances which may have a bearing on project approval

We originally oversized the parking in anticipation of higher than expected

sales volume for the dispensary. Traffic has not been as high as expected and we are

using 20 or less parking spaces at peak times. The market anticipates using 12-15 spaces

for a total need of 35 spaces. We are proposing to provide 41 which is 20% more than

expected demand.
