Metal Roof & Wall Panels

MEGA-RIB

Mega-Rib is one of the most versatile metal wall and roof panels in the industry. While Mega-Rib was designed and engineered to meet the demands of the industrial environment, it also provides the aesthetics and design flexibility to be used in architectural applications.

Well suited for vertical and horizontal applications, Mega-Rib's bold ribs provide an architectural statement that is difficult to match.

MEGA-RIB PANEL DIMENSIONS

* Standard for 24, 22, 20, and 18 gauge material. Also available in 26 ga. However, customer must specify if 26 ga is required.

** Adelanto standard coverage for 26 gauge panels: 36".
All other locations, standard 26 gauge coverage: 28.8". (Specify if 36" coverage is required.)

Installed horizontally, Mega-Rib adds distinctive elegance.

Mega-Rib features a Galvalume® substrate and Kynar 500® (PVDF) coatings, which are proven to provide unsurpassed protection against panel chalk and fade.

With 7.2" rib spacing, Mega-Rib provides optimum strength and spanning capabilities.
