RE: Narrative Change | Special Permit | Design Review for AutoZone– 178 Main Street

Hi Jenne,

I've attached the new drawing for the wall sign which is now 82.17 sf.

I would also like to provide a narrative change to read:

Install new wall sign to be placed on storefront of building. Proposed sign is externally illuminated. Stacked letters measuring 13'-7 1/4" wide x 6'-1/2" high for a total of 82.15 sf. Proposed sign will use AutoZone's trademark design and logo.

Please let me know if you need anything else..

Regards,

Kerri Sabol
