

PROJECT NARRATIVE
53 Bennetts Road, Sturbridge, MA
Mark Acton-Rebecca Melvoin

The proposed work includes replacement of a cesspool with a holding tank for a single family home. Also, there will be the installation of a new drilled well to replace a dug well.

No work is proposed within a wetland resource area. To protect the wetland resource area during construction, straw wattles are proposed below the work area. A limit of work is defined on the plan. A stabilized construction entrance is proposed to protect the roadway during construction.

All disturbed areas will be loamed and seeded after completion of the work.
