

Hi Jean,

Thanks for taking my call just now. The Applicant, Sturbridge PV LLC, is working diligently to update the project design in order to address the comments in the peer review report. We are also working on responses to those peer review comments, as well as responses to comments received from the public. We expect to provide the Planning Board with updated site plans and those comments shortly. At this point, the Applicant requests a continuance without testimony of the Planning Board's November 21st public hearing to the Planning Board's January 9, 2024 public hearing.

Please reach out with any questions. Happy Thanksgiving!

Thank you!

Jess
